Brother:

The Alumni Association Executive Board wishes to thank you for your continued support. We wish to create a new option for Alumni Brothers to sustain themselves in their membership through a yearly donation. Please note that all money donated goes into a general fund that supports the continued rebuilding of the Phi Sigma Kappa House as well as supporting the Undergraduate chapter. Any amounts over \$250 can include a specific designation to a project or area of your choice.

This Sustainable Membership will come with a few benefits which include recognition in newsletters sent from the Active Chapter and a token of appreciation from the Alumni Board. We hope to start a yearly "White Tea Rose Campaign" to help maintain a strong Alumni Association as well as aiding the Active Chapter in their constant endeavors. Please contact Jacob Defassio with any comments or questions.

If you would like to be part of this amazing new opportunity, please detach the donation form below and mail to:
